About P I N C

Over the past ten years, a group of Central Valley women have joined together to raise over \$400,000 to benefit local non-profits that serve women and children. Philanthropy Inspired by the Needs of our Community (PINC) was founded in 2008 on the principle of helping to meet the ever-evolving charitable needs of our community. The 50+ service-oriented young women of PINC embody the spirit of charity and are committed to giving back to the greater Central Valley community. Since our inaugural event in June 2009, the funds raised by PINC have benefited several non-profit organizations including Angel Babies of Hinds Hospice, Marjaree Mason Center, Make-A-Wish Foundation of Central California, Break the Barriers, Catholic Charities, Transitions Children's Services, Holy Cross Center for Women, and Feed Our Future. Our most recent beneficiary, Heart of the Horse Therapy Ranch, received \$75,000 raised exclusively from our annual PINC Party.

Benefiting VALLEY CHILDREN'S HEALTHCARE THE ONCOLOGY SOCIAL SERVICES FAMILY HELP FUND

Valley Children's Healthcare began as the vision of five civic-minded women who saw the need for a dedicated pediatric hospital in Central California. Over more than 60 years, Valley Children's Healthcare has grown to a 358-bed, nationally respected pediatric healthcare network.

The Oncology Social Services Family Help Fund was formed to assist the families whose lives have been turned upside down by cancer. The resources raised would provide direct assistance to patients and families of children diagnosed with cancer by providing funds for meals, gas assistance, lodging, transportation, medications and medical equipment. Last year over 300 families utilized this special fund for over 300 children ranging from ages 0-25 years old. Many children would miss life-saving chemotherapy treatments without the gas and transportation assistance provided by this fund. The continuation of the dream of five women has become a bright, beautiful reality in the form of a healthcare network dedicated exclusively to the physical, emotional, and spiritual well-being of children.
